FIXTURES | Are you keeping your shower, tub, and toilet? Are you planning on getting new ones to fit a different style or functional layout?

SHOWER | Do you want a stand-alone shower? Do you want shower wall panels and a matching shower base? Or do you want tile walls with tile flooring? What options would you like, such as a soap/shampoo niche, shower seat or grab bar?

SHOWER PANELS | Would you want quality cultured marble wall panels? Tip! If saving money is a major consideration, consider installing wall panels with a contrasting and/or matching shower base, niche and trim.

SHOWER TILE | If you are using tile, be sure to choose color coordinating tile, tile edges, and tile for your shower pan. Consider the pattern that you want the tile installed in.

SHOWER GLASS | Would you like a fixed glass panel or a glass shower door? A glass panel or shower door can make a small bathroom feel larger. Tip! If saving money is a major consideration, start with a shower curtain. You can always install a door or panel later!

SELECTING YOUR FINISHES (2/2)

TUB | Do you plan on having a shower-tub combo or a stand-alone tub? Consider if you want a standard or jetted tub.

VANITY | A new vanity is a great way to add style and function to your bathroom. Think about your design style, storage, and size, when selecting your vanity. Are you keeping your existing vanity? Consider refacing or repainting it or adding a new countertop.

COUNTERTOPS | Do you want quartz, marble, granite, laminate, or something else? Consider cost, appearance, and durability.

PAINT | Adding warmth, depth, and drama are all possible with the right paint color choices. Do you want wallpaper to make your space pop?

FLOORING | Do you want stone, tile, engineered hardwood, luxury vinyl planks, or something else? Consider cost, appearance, and durability.

LIGHTING | Illuminate your bathroom, while setting a mood. Consider options that support your design style, while practically lighting your space. Consider adding recessed lighting, vanity lights, mirror lighting, or a chandelier. Do you need a new or replacement bathroom fan?

FINISHING TOUCHES | Now add your finishing touches. Choose a backsplash to compliment your design, cabinet hardware or perhaps a unique faucet.
