**APPLIANCES |** Are you keeping the appliances you have or getting new ones? Consider if you want a bigger stove, new sink, or built in ovens.

**COUNTERTOPS |** Do you want quartz, marble, granite, laminate or something else? Consider cost, appearance, and durability.

**LIGHTING** | Illuminate your kitchen, while setting a mood. Consider options that support your design style, while practically lighting your space. Consider adding recessed lighting, countertop lighting, or a chandelier.

---

**PAINT** | Adding warmth, depth, and drama are all possible with the right paint color choices. Do you want wallpaper to make your space pop?

---

**FINISHING TOUCHES** | Now add your finishing touches. Choose a backsplash to compliment your design, cabinet hardware or perhaps a unique kitchen faucet. If you are using tile for a backsplash, consider the color and pattern that you want the tile installed in.
